

DESKVIEW MKII PRESENTATION SCREEN

A new generation presentation screen - Vega Desktop MKII equipped light weight and ultra-fast setup mechanism. Now user allow the perfect fit for on-the-go presentations or video games. With simple pull-up mechanism, you can set up the screen in seconds and store it easily in its self-contained carrying case when not in use.

Easy Mobility

This portable screen is your perfect travel companion. The compact and lightweight design with a carrying handle attached makes transport and storage easier than ever.

Super-fast Easy Setup

Simply but sturdy scissor mechanism allows instant setup to desired position. You are ready to present or experience video gaming in a flash.

Simple Operation

User can easily pull up the screen by using foldable pull up handles on top of the screen.

Carrying Bag

Optional carrying bag is available for travelling.

WIDE

The surface diversifies the light beams into different directions, offering wider viewing angles and helping to eliminate an unsightly hot spot effect from the projector.

Stand upright

Contributed by a rotatable support leg in the middle, VEGA Deskview MKII now can hold at upright position better than previous generation.

Compact Packaging

Compact and simple packaging design help to save storage space, as well as minimize transportation cost.

Specifications
